2. What are your thoughts on the cross-sound bridge/tunnel proposed by Governor Cuomo?

PLEASE CHECK

Any bridge/tunnel will be too harmful to the marine environment of the North Shore.

Any new bridge/tunnel will destroy the communities in its path; this is too high a price to pay.

Another bridge/tunnel would be convenient, but the cost too high.

SECTION III: TAKING ACTION

1. Are you willing to take an active role to protect this community from the impact of a bridge/tunnel if needed?

I will sign a petition and write to the Governor and legislators.

I will engage friends and neighbors and encourage them to write.

I will support East Norwich Civic Association efforts to defeat this proposal.

I will write letters to the editor and speak out publically against this proposal.

2. To be effective, we need to generate a critical mass of opposition to the bridge proposal. Our case will be strengthened if we have a broad range of community organizations in coalition. (For example, garden club, service club, civic association, veterans group, etc.) Is there a community group that you can introduce to this endeavor?

Yes, group name and contact: _____
